Students in all ISU majors must complete a three-credit course in U.S. diversity and a three-credit course in international perspectives. Check the [Office of the Registrar's U.S. Diversity/International Requirements guidelines for a list of approved courses](#). Discuss with your adviser how the two courses that you select can be applied to your graduation plan. LAS majors require a minimum of 124.5 credits, **including a minimum of 45 credits at the 300/400 level**. Three of the required 45 300+ level credits must be earned in a general education group outside the group of the major. You must also complete the LAS foreign language requirement and any high school unmet admission requirements.
