Students in all ISU majors must complete a three-credit course in both U.S. Diversity and in International Perspectives. Those two courses may simultaneously meet the following graduation requirements: Social Science, Arts & Humanities, Econ 4000-4890 courses, or Econ courses from approved list. Please discuss with your adviser.

LAS majors require a minimum of 120 credits, including a minimum of 45 credits at the 3000/4000 level. Three of the required 45 credits at the 3000+ level must be earned in a general education group outside the group of your major. Econ Majors must also meet or complete the LAS foreign language requirement. In addition, Econ Majors must earn a minimum of 15 credits from courses taught by the Department of Economics at ISU.

^a Calculus I (MATH 1650) and Calculus II (MATH 1660) may be substituted for MATH 1600 and Econ 2070.

^b Introduction to Theory of Probability & Stats I (Stat 3410) and Introduction to Theory of Probability & Stats II (Stat 3420) may be substituted for Stat 2260 and 3260.
