Graduate workshop: Data-driven environmental economics research from the EPA

The U.S. Environmental Protection Agency (EPA) creates and maintains a wealth of data that can inform high-quality research on the most pressing policy issues in environmental economics. However identifying, accessing, and understanding these data can be a formidable task.

“A Conversation about Mentoring Junior Faculty and Graduate Students”

With Dr. Christina Campbell, associate professor, University of Cincinnati

Tuesday, April 19, 2022

10:00 am (EST)

Department Highlights

Orazem wins 2022 Inspiration Award

University Professor Peter F. Orazem has been selected to receive the 2022 Faculty/Staff Inspiration Award. He is among five individuals to be honored with the award this year.

Plastina speaks at carbon markets webinar

Alejandro Plastina, associate professor, spoke during a Farm Foundation webinar April 12, called “Solving the Barriers to Agricultural Carbon Markets.”

Higher cost of fertilizer, chemicals affects farmers: Hart

Chad Hart, professor, was interviewed for an April 10 Sioux City Journal story, “Rising fertilizer costs pinch Siouxland farmers; higher crop prices could help offset the pain.”

Zhang: Impacts of interest rate changes on land value

Wendong Zhang, associate professor, was interviewed for an article in Farmer Mac’s The Feed about how potential interest rate increases from the Federal Reserve could influence agricultural land markets in the coming years.
