RESEARCH FIELDS

The Economics of Networks, Experimental and Behavioral Economics, Labor Economics, Finance

EDUCATION

- Ph.D. Candidate in Economics** 08/2018 – 05/2024 (expected)
Iowa State University Ames, US
- Dissertation: *Essays in the Economics of Networks: Network Analysis in Experimental Games, International Migration, and Finance*
 - Dissertation committee: Elizabeth Hoffman (advisor), Peter F. Orazem, Dermot J. Hayes, Jian Li, Otávio Bartalotti
- MS Program in Economics** 08/2017 – 05/2018
Iowa State University Ames, US
- Upgraded to Ph.D. Program in Economics
- Ph.D. in Physics** 03/2009 – 02/2015
Pohang University of Science and Technology (POSTECH) Pohang, South Korea
- Dissertation: *Understanding market microstructure of financial market using agent-based modeling*
 - Dissertation committee: Seunghwan Kim (advisor), Gabjin Oh, Beomjun Kim, Woo-Sung Jung, Sungsub Choi
- MS in Physics** 03/2006 – 02/2008
Sungkyunkwan University Suwon, South Korea
- Dissertation: *Measurement of $\frac{B(B^+ \rightarrow X(3872)K^+) \times B(X(3872) \rightarrow J/\psi \pi^+ \pi^-)}{B(B^+ \rightarrow \psi(2S)K^+) \times B(\psi(2S) \rightarrow J/\psi \pi^+ \pi^-)}$ at the Collider Detector at Fermilab*
 - Dissertation committee: Intae Yu (advisor), Suyong Choi, Yoonbai Kim
- BS in Physics** 03/2000 – 02/2006
Sungkyunkwan University Suwon, South Korea

JOB MARKET PAPER AND WORKING PAPERS

- The effect of networks on cooperation in the finitely repeated prisoner's dilemma (JMP)
- Analysis of international migration using a network approach: How is it different from international tourism?
- Measuring systemic risk in the US stock market using a network approach

TEACHING EXPERIENCE

Teaching Assistant in Economics	08/2018 – 07/2023
Department of Economics, Iowa State University	Ames, US
<ul style="list-style-type: none">• Principles of Microeconomics: Econ 101• Principles of Macroeconomics: Econ 102• Applied economic optimization: Econ 207• Intermediate Microeconomics: Econ 301• Economics of Discrimination: Econ 321• Introduction to Game Theory: Econ 418• Econometrics (Ph.D. Core): Econ 671• Microeconometrics (Ph.D. Level): Econ 673	Fall 2018, Fall 2019, Spring 2020, Fall 2022, Summer 2023 Spring 2019, Fall 2021, Spring 2022, Spring 2023, Summer 2023 (Lab Instructor) Course evaluation: 3.33/5.0, Spring 2022 (Lab Instructor) Course evaluation: 4.0/5.0, Fall 2019, Fall 2022 Spring 2021 Spring 2021 (Lab Instructor) Course evaluation: 4.6/5.0, 5.0/5.0, Fall 2020, Fall 2021 Fall 2020
Teaching Assistant in Physics	
Department of Physics, POSTECH	Pohang, South Korea
<ul style="list-style-type: none">• Introduction to Classical Mechanics	Spring 2009
Department of Physics, Sungkyunkwan University	Suwon, South Korea
<ul style="list-style-type: none">• General Physics Laboratory	Spring and Fall 2007
Instructor in Economics and Finance	
Division of Business Administration, Chosun University	Gwangju, South Korea
<ul style="list-style-type: none">• Introduction to Investment Theory• Introduction to Corporate Finance	Spring 2017 Fall 2012
Instructor and Advisor for Research and Education Program	03/2011 – 08/2012
Pocheol High School	Pohang, South Korea
<ul style="list-style-type: none">• Taught nonlinear dynamics and complex system theory to Pocheol High School students• Taught Matlab to Pocheol High School students• Conducted research with Pocheol High School students	

RESEARCH EXPERIENCE

Post-doctoral Researcher	03/2015 – 05/2016
Nonlinear and Complex System Laboratory, POSTECH	Pohang, South Korea
<ul style="list-style-type: none">• Developed agent-based financial markets• Developed business cycle fluctuation models and systemic risk models• Investigated the market microstructure of the London Stock Exchange	
Research Assistant in Physics	03/2009 – 02/2015
Nonlinear and Complex System Laboratory, POSTECH	Pohang, South Korea
<ul style="list-style-type: none">• Developed agent-based stock markets• Analyzed the microstructure in the Korea Stock Exchange using a nonlinear and complex system approach• Co-supervising and mentoring undergraduate researchers

GRANTS

- External Grant (Not Funded) - NSF - Doctoral Dissertation Research Improvement Grant in Economics. *The effect of networks as a channel of information on cooperative behavior in human groups* 2021 (resubmission) (PI: Elizabeth Hoffman; Co-PI: Kyubin Yim) (Total Award - \$38,226, Rating: Very Good (2), Good/Fair (1), Fair (2))
- External Grant (Not Funded) - Russel Sage Foundation - Small Grants in Behavioral Economics. *The effects of networks on cooperative actions in human groups in repeated prisoner's dilemma games: which is better to promote cooperation between networks and communication?* 2021 (PI: Kyubin Yim) (Total Award - \$8,412)
- External Grant (Not Funded) - NSF - Doctoral Dissertation Research Improvement Grant in Economics. *The effect of networks as a channel of information on cooperative behavior in human groups* 2020 (PI: Elizabeth Hoffman; Co-PI: Kyubin Yim) (Total Award - \$47,523), Rating: Very Good (1), Fair (4), Poor (2))

HONORS AND AWARDS

BK21 Scholarship, The Ministry of Education, Science and Technology Department of Physics, POSTECH	03/2009 – 02/2015 Pohang, South Korea
Excellent Teaching Assistant Award Department of Physics, POSTECH	09/2009 Pohang, South Korea
BK21 Scholarship, The Ministry of Education Department of Physics, Sungkyunkwan University	03/2006 – 02/2008 Suwon, South Korea
Excellent Study Group Award College of Science, Sungkyunkwan University	Suwon, South Korea
• Team Name: General Physics Laboratory Section 77	03/2008
• Team Name: Quantum Physics	03/2007
BK21 Honor Scholarship for Outstanding Students Department of Physics, Sungkyunkwan University	03/2007 Suwon, South Korea
Simsan Scholarship for Outstanding Students Department of Physics, Sungkyunkwan University	03/2006 Suwon, South Korea

OTHER EXPERIENCE

Cultural Ambassador Program International Students and Scholars Office, Iowa State University	09/2023 – Ames, US
Residential Dining Food Service Worker Iowa State University	08/2023 – Ames, US
Visiting Graduate Student Fermi National Accelerator Laboratory	Summer 2006, Summer 2007, Winter 2007 Batavia, US
The Vice President of Physics Graduate Student Association Department of Physics, Sungkyunkwan University	03/2007 – 02/2008 Suwon, South Korea
Military Service Pyeongtaek Customs Service	03/2003 – 05/2005 Pyeongtaek, South Korea

SKILLS

Languages: Korean (Native), English (Fluent)
Object-oriented programming: C++, C#, Java, Python
Agent-based modeling frameworks: Netlogo, Repast
Data analysis frameworks: ROOT, Matlab, Octave, R, Stata
Frameworks for doing experiments: oTree
Document Creation: Microsoft Office Suite, LaTeX
