

Kevin L. Kimle: Curriculum Vita

0030 Curtiss Hall • Iowa State University • Ames, Iowa 50011 • (515) 294-1803 • kimle@iastate.edu

OVERVIEW

Kevin Kimle serves as the Rastetter Chair of Agricultural Entrepreneurship at Iowa State University, Director of the Start Something Agriculture program and Teaching Professor in the Department of Economics. He has worked in a variety of capacities in agriculture with experiences range from agtech start-up companies, the seed industry, venture capital, futures markets, and agricultural and trade policy. His current work includes development and delivery of entrepreneurship curriculum and programs in the College of Agriculture and Life Sciences, outreach programs to aspiring entrepreneurs and agribusiness executives, and research on entrepreneurship and innovation.

WORK EXPERIENCE

IOWA STATE UNIVERSITY

Rastetter Chair of Agricultural Entrepreneurship, July 2009 – present

- Rastetter Chair of Agricultural Entrepreneurship, Director of Start Something Agriculture program, and Teaching Professor, Department of Economics.
- Responsibilities include development and delivery of undergraduate entrepreneurship curriculum and programs, outreach programs to aspiring entrepreneurs and agribusinesses, and research on entrepreneurship

AG STARTUP ENGINE, LLC

Co-Founder, June 2016 – present

- Investment fund founded as an agricultural technology startup development platform based in the Iowa State University Research Park.
- Twenty five portfolio businesses have raised follow-on capital exceeding \$60 million and employ more than 200 (February 2022).

DECISION COMMODITIES, LLC

President and Founder, January 2002 – April 2009

- The Company provides commodity sellers and buyers innovative risk management models/contracts.
- Responsible for all aspects of the Company's strategy, finance, operations and development. Notable developments include more than 10 pricing models and contracts used to price corn, wheat, soybeans, diesel fuel, and natural gas, some incorporating OTC derivative structures, as well as back-end hedging /trading systems for millions of bushels grain annually. Also responsible for development of the Company's information 'infrastructure', a proprietary, Internet-based software system that tracks pricing models/contracts across the distribution chain.
- Brought on Iowa Farm Bureau Federation as partner and investor in start-up. Growmark, Inc. was added as an investor and partner in 2004. In 2008, Growmark became majority owner of the Company and merged it with AgriVisor, LLC.

E-MARKETS, INC.

President and Co-Founder, October 1996 – August 2001.

- Co-founder of the start-up company that develops electronic commerce applications for agribusiness companies for procurement, ordering, and trading. E-Markets was a pioneer in delivering e-commerce solutions to agriculture and the food industry.
- Responsible for architecture of Company's first electronic commerce application and closing sale with first major client, DuPont. Other clients of note from first three years of Company's development include Land O'Lakes, and Dow AgroSciences.
- Company grew revenues to \$1.5 million in first three years, did a first round of venture financing in 1999 and second in 2000. Investors included New York, Silicon Valley, and Atlanta venture funds. Hired former CEO of a large agribusiness company as CEO in 1999.

CONTEXT NETWORK

Consultant, August 1996 to October 1996

- Worked on consulting projects for agribusiness clients approximately three-quarter time while developing the business plan for E-Markets.
- Worked primarily on life sciences/seed and grain sector projects.

PIONEER HI-BRED INTERNATIONAL

Business Analyst, April 1992 – April 1996

- Hired originally for a project assessing global seed markets and building a model of the Company's global seed business.
- Responsible for analysis, strategy development, and negotiations in a series of projects and initiatives involving plant biotechnology and end-use markets.
- Involved in business development projects in Asia and Europe and helped lead a major corporate initiative in strategic alliances.

IOWA STATE UNIVERSITY

Research Associate and Graduate Research Assistant, Economics Dept, May 1989 – April 1992

- Research topics and projects included futures market and price analysis, hedging theory, and market analysis.
- Also completed occasional work as a consultant for outside firms includes market studies, surveys and financial analysis for corporate clients.

EDUCATION

IOWA STATE UNIVERSITY, Ames, Iowa

Master of Science 1991

Major: Agricultural Economics

Thesis: "Developing a Cash Settlement Price Index for Live Hog Futures"

Advisor: Prof. Marvin Hayenga

UNIVERSITY OF NEBRASKA, Lincoln, Nebraska

Bachelor of Science 1989
Major: Agricultural Economics
Advisor: Prof. James Kendrick

PROFESSIONAL SERVICE

AAEA – Member, Agricultural and Applied Economics Association. 2009 – Present.

USASBE – Member, U.S. Association of Small Business and Entrepreneurship. 2009 – Present.

IFAMA – Member International Food and Agribusiness Management Association. 2009 – Present.

Strategic Advisory Board – Iowa Secretary of Agriculture Bill Northey. 2011 – 2018.

Search Committee Member – University of Nebraska Rural Futures Institute Director. January to May 2013.

Judge. 2010-11 3E Learning Competition. USASBE 2011 Conference. Hilton Head, South Carolina. January 15, 2011.

Judge. Student Case Study Competition. International Food and Agribusiness Management Annual Meeting. Boston, MA. June 20, 2010.

PARTNERSHIPS AND COLLABORATIONS

Led development of a professional development program for farm and agribusiness professionals from Brazil, *Business Beyond Boundaries*, 2017, 2018.

Led development of a new agriculture startup development program, Ag Startup Engine, at the Iowa State University Research Park, 2016.

Led development of academic-year and summer internship programs with private sectors firms focused on entrepreneurial and innovation opportunities, primarily domestic opportunities but occasional opportunities abroad.

Led development of public/private partnerships since 2009 between ISU, multiple international universities, and agribusinesses for business development projects, technology commercialization, and new business incubation in Europe, South America, China and Africa.

Initiated an Incubator program that gives aspiring entrepreneurs the resources to make their visions a reality. The program provides coaching, mentoring, educational programming, access to subject matter experts and investors and other resources necessary for early-stage venture development. The Incubator framework used at the Agricultural Entrepreneurship Initiative has served as a model for programs at other universities and in countries outside the U.S.

Collaboration with Michael Boehlje, Purdue University, in creation of agribusiness executive programs. 2012, 2013.

Collaboration with OSI, an agribusiness firm, on a price risk management project involving the company's vertically integrated poultry production operations in China. 2012, 2013.

Collaborator with American Farm School/Perrotis College in Thessalonki, Greece in creation of its Center for Agricultural Entrepreneurship. 2012, 2013.

Collaborator with Sokoine University Graduate Entrepreneurs Cooperative (SUGECO) at Sokoine University of Agriculture in Morogoro, Tanzania. 2012, 2013.

HONORS

Ted Bair Pappajohn Center for Entrepreneurship Mentor Award. August 2020.

Iowa State University Award for Achievement in Economic Development in Iowa. September 2016.

Innovative Entrepreneurship Education Competition Winner. "VC Matrix" Classroom Exercise. United States Association of Small Business and Entrepreneurship Annual Meeting. Nashville, TN, January 15, 2010.

PATENT

USPTO Patent # 20050004809 - Method for electronically initiating and managing agricultural contracts. Issued 2007.
