

CURRICULUM VITAE

NAME: Leigh S. Tesfatsion

ADDRESS: Department of Economics
260 Heady Hall
Iowa State University
518 Farm House Lane
Ames, Iowa 50011-1054
ORCID ID: 0000-0002-7783-2708
Email: tesfatsi@iastate.edu
<https://www2.econ.iastate.edu/tesfatsi/>

CITIZENSHIP U.S.A.

EDUCATIONAL BACKGROUND:

University of Minnesota, Minneapolis, MN, Ph.D., Economics (Major) and Mathematics (Minor), Dec. 1975, Thesis Co-Advisors: Clifford Hildreth and Leonid Hurwicz;
Carleton College, Northfield, Minnesota, B.A. Cum Laude, Distinction in History, Phi Beta Kappa, June 1968.

CURRENT PROFESSIONAL AFFILIATIONS:

Research Professor and Professor Emerita of Economics, ISU, from Jan 2018;
Courtesy Research Professor of Electrical & Computer Engineering, ISU, from July 2020;
Associate Editor, *Journal of Energy Markets*, Risk Journals, from July 2007;
Scientific Committee, *International Journal of Microsimulation*, from Sept 2015;
Advisory Board, *Economic Policy in Complex Environments (EPOC)*,
European Union (funded project), from June 2020;
Senior Member, *Institute of Electrical and Electronics Engineers (IEEE)*, from Oct 2018;
Member, *International Association for Energy Economics (IAEE)*, from April 2021;
Member, *Experts Panel: Transactive Systems Hybrid Economic-Control Theory*,
Pacific Northwest National Laboratory (PNNL), from April 2018;
Member, International Scientific Advisory Council for the *Waterloo Institute for Complexity and Innovation (WICI)*, from October 2011;
Member, *IEEE Power and Energy Society*, from 2005;
Member, *Committee for the Status of Women in the Econ. Prof. (CSWEP)*, from 2001;
Member, *Society for Computational Economics (SCE)*, from 1995;
Member, *American Economic Association (AEA)*, from 1975;
Contact Liaison, *Special Interest Group on Agent-Based Computational Economics (ACE)*,
Society for Computational Economics (SCE), from Fall 1999.

PAST PROFESSIONAL AFFILIATIONS:

Professor of Economics, ISU, 1990-2017;
Courtesy Professor of Mathematics, ISU, 1990-2017;
Courtesy Professor of Electrical & Computer Engineering, ISU, 2009-2017;
Graduate Faculty Member, Human-Computer Interaction Program, ISU, 2003-2017;
Professor of Economics, University of Southern California, Sept. 1989 - Aug. 1990;
Assoc. Professor of Economics, University of Southern California, Sept.1981-Aug.1989;
Visiting Researcher, National Bureau of Economic Research, Cambridge, Massachusetts,
Sept. 1981 - Aug. 1982;
Visiting Assistant Professor, University of Minnesota, Mpls, March.1980-Aug.1980;
Assistant Professor, University of Southern California, Sept. 1975 - Aug. 1981;
Associate Editor, *Journal of Economic Dynamics and Control*, North-Holland/Elsevier,
July 2000 through March 2018;
Editorial Board, *Journal of Economic Interaction and Coordination*, Springer,
July 2005 to December 2017;
Associate Editor, *Journal of Public Economic Theory*, Basil-Blackwell,
April 1997 to June 2006;
Associate Editor, *IEEE Transactions on Evolutionary Computation*, IEEE Neural
Network Council, July 1996 to December 2002;
Associate Editor, *Applied Mathematics and Computation*, Elsevier (North Holland),
June 1991 to March 2008;
Contributing Co-Editor, Complexity-at-Large Section, *Complexity*, John Wiley & Sons.,
Nov. 1997 to Aug. 2004;
Guest Editor, Special Issue on Agent-Based Computational Economics, *Journal of
Economic Dynamics and Control* 25/3-4 (2001);
Guest Editor, Special Issue on Agent-Based Computational Economics, *Computational
Economics*, Vol. 18(1), October 2001;
Guest Co-Editor, Special Issue on Transactive Energy Systems, *IEEE Transactions
on Power Systems*, October 2016 to March 2018;
Guest Editor, Special Issue on Agent-Based Modeling of Evolutionary Economic Systems,
IEEE Transactions on Evolutionary Computation Vol. 5(5), October 2001;
Guest Editor, Special Issue Dedicated to Robert E. Kalaba, *Applied Mathematics and
Computation*, Vol. 45(2):Part II, September 1991;
Consultant, Los Alamos National Laboratory, New Mexico, Nov. 2002 - Oct. 2004;
Member, Institute of Electrical and Electronics Engineers (IEEE), 2005-2018;
Member, Committee on Organizational Modeling from Individuals to Societies,
National Research Council of the National Academies, March 2005 to March 2008;
Advisory Council Member (Elected), *Society for Computational Economics (SCE)*,
Jan. 1997 - Jan. 2000, and March 2001 - Jan. 2004.

PRIMARY RESEARCH AREAS:

Electric power market design;
Agent-based Computational Economics (ACE);
Dynamic coupled physical and social systems;
Learning in open-ended dynamic multi-market contexts;
Evolution of economic networks with choice & refusal of trading partners;
Optimality and efficiency in open-ended dynamic economies;
Flexible Least Squares (FLS) (a multicriteria optimization method for model specification);
Adaptive computation (nonlocal sensitivity analysis, eigenvalue/eigenvector tracking, automatic differentiation, adaptive homotopy continuation);
Learning via criterion filtering (temporal difference/Q-learning).

CURRENT RESEARCH TOPICS:

A new swing-contract design for centrally-managed wholesale electric power markets;
Transactive energy system designs for integrated transmission and distribution systems;
Power markets in transition: Agent-based modeling tools for transactive energy support;
Agent-based computational economics: A constructive approach to economic theory.

HONORS:

Keynote Address, Social Simulation Conference (virtual), sponsored by the European Social Simulation Association (ESSA), September 20-24, 2021.
Recipient of the 2020 David A. Kendrick Distinguished Service Award, Society for Computational Economics (SCE)
Outstanding Reviewers for 2020 Award, *IEEE Transactions on Power Systems*
Keynote Address, Computational Social Science Society of the Americas (CSS 18), Santa Fe, NM, Oct 25-28, 2018
Keynote Address, Duke Forest Conference, Durham, NC, November 11-13, 2016
Plenary Address, International Economic Science Association (IESA) Meeting, Arlington, Virginia, June 25-28, 2009.
Plenary Address, AGENT 2007, Northwestern University, November 17, 2007.
Invited Organizer, ACE Tutorial, Allied Social Science Association (ASSA) Meetings, Chicago, January 2007.
Plenary Address, 12th International Conference on Computing in Economics and Finance (CEF'06), Society for Computational Economics (SCE), Cyprus, June 23, 2006.
Plenary Panel Address, Workshop on Dynamic Data Driven Application Simulation (DDDAS), National Science Foundation, Washington, D.C., January 19-20, 2006.
Member, Committee on Organizational Modeling from Individuals to Societies, National Research Council of the National Academies, March 2005 - March 2008.
Plenary Address, International Workshop on Agent-Based Models for Economic Policy Design, ZiF, Bielefeld University, Germany, June 30-July 2, 2005.
Distinguished Lecture Series, sponsored by the Computation Institute and the James Franck Institute, University of Chicago, October 27-29, 2003;

HONORS...CONTINUED:

Keynote Address, Workshop on Labor and Industrial Dynamics: The Agent-Based Computational Economics Approach, Moncalieri, Italy, October 4, 2003;
Distinguished Lecture, James Franck Institute, U of Chicago, 22 May 2002
Plenary Address, Sixth Joint Conference on Information Sciences, Research Triangle Park, North Carolina, March 10, 2002;
National Academy of Sciences Panel Discussant, Sackler Colloquium, Irvine, CA, October 4-6, 2001;
Keynote Address, First International Workshop on Computational Intelligence in Economics and Finance, Atlantic City, NJ, February 28, 2000.

CONTRACTS, GRANTS, AND FELLOWSHIPS:

External Expert Advisor, Colciencias, Modalidad Programas, 3/2020-2/2023:
“Valuing Variability in the Colombian Electricity Market,” \$372,000;
PI, Power Systems Engineering Research Center (PSERC), 7/1/2019-6/30/2021:
“Market and Control Mechanisms Enabling Flexible Service Provision by Grid-Edge Resources in End-to-End Power Systems,” \$220,000;
Co-PI, Office of Electricity Delivery and Energy Reliability (OE), U.S. Department of Energy (DOE), 1/1/2017-9/30/2020: “Flexible Service Contracting for Risk Management within Integrated Transmission and Distribution Systems,” \$433,054;
PI, Pacific Northwest National Laboratory (PNNL), 3/19/2018 - 7/31/2019: “Regional Transactive Systems: Reduced-Order Bulk System & Wholesale Market,” \$100,000;
PI, Pacific Northwest National Laboratory (PNNL), 4/1/2017 - 2/28/2019: “Development of an Integrated Transmission and Distribution System to Evaluate Transactive Energy Systems,” \$210,252;
Co-PI, Iowa Energy Center (IEC), 9/2016-9/2017: “Resilience Enhancement of Electric Power Systems and Associated Infrastructures,” \$124,579;
Scientific Committee, NSF, 9/2016 - 2/2018: “Agent-Based Models in the Social, Human-Environment, and Life Sciences,” \$94,996;
PI, Electric Power Research Center, 8/2015 - 8/2016: “Integrated Distribution and Transmission Effects of Demand-Response Initiatives,” \$41,191;
Co-PI, ISU LAS Signature Research Initiative Award, 5/10/2013-5/9/2016:
“Water and Climate Change: Building Community Consensus for a Sustainable Future for Iowa and the World,” \$329,509;
Co-PI, Advanced Research Projects Agency - Energy (ARPA-E), Department of Energy, 2/24/2012-1/30/2015: “Improved Power System Operations Using Advanced Stochastic Optimization,” \$3.1 Million;
PI, Sandia National Laboratory, 7/2011-7/2013: “Market Design for Energy, Ancillary, and Reliability Services in Wholesale Electric Power Markets,” \$163,183;
PI, Electric Power Research Center, 8/2010-8/2013: “Integrated Retail and Wholesale Power System Operation with Smart-Grid Functionality,” \$223,000;

CONTRACTS, GRANTS, AND FELLOWSHIPS...CONTINUED:

- PI, Department of Energy at Pacific Northwest National Laboratory, 7/1/2009-6/30/2012: "An Agent-Based Test Bed for the Integrated Experimental Study of Retail and Wholesale Power Market Designs," \$120,871;
- PI, Electric Power Research Center Grant, 8/2009-8/2012: "Financial and Operational Risk Management for Restructured Wholesale Power Markets," \$91,952.
- Project Advisory Board, National Science Foundation Grant, 9/1/08-8/31/12: "21st Century National Energy and Transportation Infrastructures: Balancing Sustainability, Costs, and Resiliency (NETSCORE-21)," PI: Jim McCalley (ISU ECpE Department), \$2 Million;
- PI, Electric Power Research Center Grant, 8/2007-8/2010: "Forecasting Grid Congestion for Transmission Grid Operation and Investment," \$153,921;
- PI, Electric Power Research Center Grant, 8/2006-8/2009: "Testing the Efficiency and Reliability Impacts of MISO's Midwest Market Initiative," \$75,000.
- Co-PI, National Science Foundation. Three-Year Award: (9/1/05-8/31/08): "Decision Models for Bulk Energy Transportation Networks," Human and Social Dynamics Competition (Decision Making, Risk, and Uncertainty), \$608,000;
- Electricity Consultant, Contract C-8313, Los Alamos National Laboratory, 10/2002 - 9/2004;
- ACE Course Development Grant (Continuation Award) for Econ 308 (Agent-Based Comp. Economics), ISU Computer Advisory Committee for LAS, Spring 2004, \$3,708;
- ACE Course Development Grant for Econ 308x (Agent-Based Computational Economics, Experimental Course), ISU Computer Advisory Committee for LAS, Spring 2003, \$3,600;
- Member, Human-Computer Interaction Initiative, Funded Program Proposal, ISU, Jan. 2003;
- Co-PI, NSF, 9/1/98-8/31/01: "Computer Simulation of an Electric Marketplace Using Artificial Adaptive Agents," Computer and Intelligent Systems Program, \$309,683;
- Member, nine-member ISU research team taking part in a 4-university Advanced Power Technologies (APT) Consortium, funded by the Electric Power Research Institute (EPRI) and the Department of Defense, 5/99-5/2004, Total Original Award: \$5.3 million (ISU share: \$1.48 million);
- Co-PI, ISU University Research Grant, May 1991: "A Sequential Game Computer Simulation Study of AIDS Transmission," \$7,000.00;
- PI, ISU Competitive Research Equipment Grant Program, Jan. 1991: "Lab Equipment for Experimental Work in Agricultural and General Economics," \$8,000.00;
- PI, NSF, 6/1/78-5/31/80: "Empirical Dyn. Prog. Methods for Adaptive Control," \$79,994.00;
- NDEA Title IV Fellowship, 1973;
- Woodrow Wilson Dissertation Fellow, 1972;
- AAUW Dissertation Fellowship, 1972.

TEACHING AND OFFICIAL ADVISING ACTIVITIES:

Electrical and Computer Power Engineering (PhD/M.S. Advising);
Economics (PhD/M.S. Advising);
Restructuring of Wholesale Electric Power Markets (Grad/Undergrad Teaching);
Agent-Based Computational Economics (Undergrad Teaching);
Macroeconomics (Grad/Undergrad Teaching);
Financial Markets and Monetary Economics (Grad/Undergraduate Teaching);
Steering Committee, ISU Graduate Minor in Complex Adaptive Systems;
Freshman Honors Program Mentor (S06);
Undergrad Advisor (F'05-S'09).

PhD/M.S. MAJOR OR CO-MAJOR ADVISOR: (Since 2005, initial placements)

Swathi Battula, ECpE PhD 2021, Assistant Professor of EE, IIT Kanpur, India;
Dheepak Krishnamurthy, ECpE MS 2017, Research Engineer, NREL, Golden, CO;
Dong-Jin Pyo, Econ PhD 2015, Economist, Financial Supervisory Service, Seoul, KR;
Deung-Yong Heo, Econ PhD 2015, Economist, Korea Institute of Local Finance, Seoul, KR;
Ekaterina Sinitskaya, Econ PhD 2014, Post Doc, Stanford University;
Jiaqi Ge, Econ PhD 2014, Social Systems Simulation Modeler, James Hutton Research Institute,
Aberdeen, Scotland;
Auswin Thomas, ECpE MS 2012, Power Systems Engineer, Siemens, Mpls., MN;
Tim Lennell, Econ MS 2012, Revenue Economist, Nebraska Dept. of Revenue, Lincoln, NE;
Abhishek Somani, Econ PhD 2012, Smart Grid Energy Analyst (Scientist III), Pacific Northwest;
National Laboratory, Richland, WA;
Huan Zhou, Econ PhD 2011, Market Analyst, ISO-New England, MA;
Qun Zhou, ECpE PhD 2011, Power Systems Engineer, Alstom Inc., Redmond, WA
Nanpeng Yu, ECpE PhD 2011, Senior Financial Analyst, Southern Cal. Edison, Rosemead, CA;
Hongyan Li, ECpE PhD 2009, Consulting Engineer, ABB Inc., Raleigh, NC;
Harald Salazar, ECpE MS 2008, Associate Professor, Technological U. of Pereira, Colombia;
Haifeng Liu, Econ MS 2008, Transmissions Analyst, California Independent System Operator;
Mridul Pentapalli, Econ MS 2008, Software Developer, Mediafour Corporation, Des Moines;
Junjie Sun, Econ PhD 2007, Senior Fin. Economist, OCC, U.S. Treasury, Washington, D.C.;
Deddie Koesrindartoto, Econ PhD 2006, Ass't Prof. Econ, Bandung Inst. Tech., Indonesia;
Charles J. Gieseler, CS MS 2005, Software Developer, Sandia National Laboratories, NM.

OTHER PROFESSIONAL PARTICIPATIONS:

Transactive Energy Theory Workshop 2021 (Virtual), sponsored by the Pacific Northwest National Laboratory (PNNL), September 15-17, 2021.

Power Systems Engineering Research Center (PSERC) Summer Meeting (Virtual), sponsored by Cornell University, August 9-11, 2021.

Computing in Economics and Finance (CEF) International Conference (Virtual), sponsored by the Society for Computational Economics (SCE), June 16-18, 2021.

Transactive Energy Systems Conference (TESC), MIT, Cambridge, MA, June 12-14, 2018.

Leigh Tesfatsion, “Modeling Coupled Physical and Human Systems as Locally Constructive Sequential Games,” Discussion Session Position Paper, Agent-Based Modeling Symposium (ABM 17), Sponsored by the National Science Foundation (NSF), San Diego Marriott Mission Valley, San Diego, CA, April 20-22, 2017.

Session Organizer and Chair, IEEE PES GM 2015, Denver, CO, July 2015

Participant, ARPA-E/DOE Grid of the Future Workshop, “Decentralization and Demand Management,” Washington, D.C., July 31-Aug 1, 2014.

Session Organizer and Chair, IEEE PES GM 2013, Vancouver, Canada, July 2013

Session Organizer and Chair, IEEE PES GM 2012, San Diego, CA, July 2012

Session Organizer and Chair, IEEE PES GM 2011, Detroit, MI, July 2011

Session Organizer and Chair, IEEE PES GM 2010, Minneapolis, MN, July 2010

Session Organizer and Chair, IEEE PES GM 2009, Calgary, CA, July 2009.

Session Co-Organizer and Chair, IEEE PES GM 2008, Pittsburgh, PA, June 2008.

Participant, Power Systems Engineering Research Center (PSERC) Meeting, Iowa State University, May 14-16, 2008.

Program Coordinator, 13th International Conference on Computation in Economics and Finance (CEF’2007), Montreal, Canada, June 2007.

International Program Committee Member and Session Organizer, Second International Conference on Artificial Economics, Aalborg, Denmark, September 2006.

Co-Director, VII Trento Summer School, Intensive Course on Agent-Based Computational Economics, Sardinia-Trento, Italy, July 3-21, 2006.

International Program Committee Member and Session Organizer for the ACE Special Interest Group, Twelfth International Conference on Computation in Economics and Finance (CEF’2006), Amathus Beach Hotel, Limassol, Cyprus, June 22-25, 2006.

Participant, Sixth Task Force Meeting, National Research Council Committee on Organizational Modeling from Individual to Societies, National Academies of Science, Jonsson Center, Woods Hole, Massachusetts, May 31-June 2, 2006.

Participant, Fifth Task Force Meeting, National Research Council Committee on Organizational Modeling from Individual to Societies, National Academies of Science Keck Building, Washington, D.C., March 3-4, 2006.

Participant, Fourth Task Force Meeting, National Research Council Committee on Organizational Modeling from Individual to Societies, National Academies of Science Beckmann Center, Irvine, California, December 9-10, 2005.

Participant, Third Task Force Meeting, National Research Council Committee on Organizational Modeling from Individual to Societies, National Academies of Science Keck Building, Washington, D.C., September 8-10, 2005.

Participant, Second Task Force Meeting, National Research Council Committee on Organizational Modeling from Individual to Societies, National Academies of Science Keck Building, Washington, D.C., July 6-8, 2005.

Participant, First Task Force Meeting, National Research Council Committee on Organizational Modeling from Individual to Societies, National Academies of Science Keck Building, Washington, D.C., April 25-26, 2005.

Participant, Workshop on Power Systems and LMP Fundamentals, sponsored by the ISO-New England, Inc., Hyatt Regency, Boston, MA, November 15-16, 2004.

International Program Committee Member and Session Organizer for the ACE Special Interest Group, Tenth International Conference on Computation in Economics and Finance (CEF'2004), Amsterdam, the Netherlands, July 8-10, 2004.

International Program Committee Member and Session organizer for the ACE Special Interest Group, Ninth International Conference on Computation in Economics and Finance (CEF'2003), University of Washington, Seattle, July 11-13, 2003.

Eighth Annual Power Research Conference, Center for the Study of Energy Markets, University of California at Berkeley, March 14, 2003.

International Program Committee Member and Session Organizer for the ACE Special Interest Group, Eighth International Conference on Computation in Economics and Finance (CEF'2002), Aix-en-Provence, June 27-29, 2002.

International Program Committee Member, 2002 Congress on Evolutionary Computation (CEC'2002), Honolulu, Hawaii, May 12-17, 2002.

International Program Committee Member and Session Organizer for the ACE Special Interest Group, Seventh International Conference on Computation in Economics and Finance (CEF'2001), Yale University, June 24-28, 2001.

International Program Committee Member and Session Organizer, 2000 Congress on Evolutionary Computation (CEC'2000), La Jolla Marriott Hotel, La Jolla, CA, 16-19 July 2000.

International Program Committee Member and Session Organizer for the ACE Special Interest Group, Sixth International Conference on Computation in Economics and Finance (CEF'2000), Barcelona, Spain, July 6-8, 2000.

International Program Committee Member and Session Organizer for the ACE Special Interest Group, Fifth International Conference on Computation in Economics and Finance (CEF'99), Boston College, Boston, June 24-26, 1999.

International Program Committee Member, Congress on Evolutionary Computation (CEC'99), Washington D.C., July 6-9, 1999.

Participant, Panel on Evolutionary Economics, Seventh Annual Conference on Evolutionary Programming, San Diego, March 24-27, 1998.

International Program Committee Member and Session Organizer, Symposium on Computation in Economics, Finance, and Engineering: Economic Systems, Cambridge, UK, June 29-July 1, 1998. Organizer of a coordinated track of five workshop sessions on agent-based computational economics (ACE).

Program Committee Member, Seventh Annual Conference on Evolutionary Programming, San Diego, March 25-27, 1998.

Program Committee Member and Session Organizer, Third International Conference on Computation in Economics and Finance (CEF'97), Stanford University, June 30-July 2, 1997. Organizer of two contributed paper sessions on agent-based computational economics (ACE) plus a special post-conference ACE meeting.

Program Committee Member and Session Organizer, Sixth Annual Conference on Evolutionary Programming, Indianapolis, April 1997. Organizer of a special invited paper session on "The Evolution of Social Systems."

Session Organizer, Second International Conference on Computation in Economics and Finance (CEF'96), Geneva, Switzerland, June 26-28, 1996. Organizer of a contributed paper session on "The Evolution of Markets" and a special satellite session on agent-based computational economics.

Visiting Research Scholar, Computable Economics Group, Department of Economics, University of Trento, Italy, June 15-25, 1996.

Artificial Life IV Conference, MIT, July 5-8, 1994.

Program Committee Member and Session Organizer, 1994 Summer Econometric Society Meeting, Quebec, Canada, June 24-28. Organizer of three contributed paper sessions on “Self-Organization and Emergent Behavior.”

Session Organizer (three sessions), American Economic Association Meetings, Anaheim, California, January 4-7, 1993.

Visitor, Complex Systems Group (T-13), Center for Nonlinear Studies (CNLS), Los Alamos National Laboratory (LANL), Los Alamos, New Mexico, July 1993.

Mid-West Mathematical Economics Meeting, University of Illinois, Champaign, Illinois, November 9-11, 1990.

Co-chair, Program Committee, Tenth Annual Conference of the Society for Economic Dynamics and Control, Arizona State University, Tempe, Arizona, March 9-11, 1988.

Applied General Equilibrium Workshop, National Bureau of Economic Research, Stanford, California, May 1-2, 1987.

Workshop on Cooperative Games and Distributive Justice, Virginia Polytechnic Institute, Blacksburg, Virginia, June 18-23, 1986.

Applied General Equilibrium Workshop, National Bureau of Economic Research, Stanford, California, April 18-19, 1986.
